NOTICE

Temporary Water Service Disruption Laguna Parkway

Please be advised that properties on Laguna Parkway, between Simcoe Road and Poplar Crescent, in Lagoon City may have no water service on Tuesday, July 2 beginning at 9:00 a.m. for water distribution system repairs.

Please be prepared for water pressure losses and/or no water throughout the day on Tuesday, July 2 while investigate a water main leak. Water may need to be shut off on Wednesday, July 3 should the scheduled work gets pushed to Wednesday.

During this scheduled time, you will be unable to access any water service; for example, water from your sinks, shower or flushing the toilet. You are encouraged to plan accordingly for this by storing water during the interruption. Your sewer service will not be affected, meaning you can pour water down the drain from a container.

When water service is restored, water remains safe to drink; however, coloured water and air in the plumbing may be present.

Customers are encouraged to flush their water lines with cold water once work is complete to address potential pressure loss and coloured water.

The Township of Ramara appreciates the cooperation and understanding of its residents during this important repair work.

Please get in touch with staff if you require further information.
