Public Notice

Upcoming Construction

Concession Road 9 residents

Please be advised that the concrete box culvert located west of Stephanie Drive on Concession Road 9 is scheduled to be replaced starting **Tuesday, August 6, 2024**. The work is anticipated to be completed by the **end of November**. The road will remain open to all residents via access on a bypass road that will be constructed around the culvert to replace the structure.

During the construction, the speed limit in the construction zone will be reduced to 30 km/h.

During the placement of the new box culvert, there will be a planned power outage performed by Hydro One. This outage is necessary to allow for the hoisting and installation of the structure. The exact outage date is still to be determined, and Hydro One will notify its customers.

There may be intermittent delays and lane closures during the construction work. The contractors' working hours will be Monday through Friday, 6:00 a.m. to approximately 7:00 p.m.

The township will use Alertable, our public notification system, to notify all emergency services, waste collection services, and school boards.

Emergency alerts, road closures, and day-to-day community notices for buildings, roads, municipal services, meetings, programs, and more! Use Alertable to stay aware, plan ahead, and save time by checking for closures, restrictions, and hazards in advance. Know before you go and keep yourself and others informed and up to date with Alertable. Sign up today at www.ramara.ca/CIS to ensure you don't miss any important updates.

For any questions or concerns, please reach out to us at infrastructure@ramara.ca.

Thank you!
